About Sierra Nevada Corporation

Sierra Nevada Corporation (SNC) is known for its rapid, innovative, and agile technology solutions in electronics, aerospace, avionics, space, propulsion, micro-satellite, aircraft and communications systems for both the private and public sectors. Founded in 1963, SNC’s seven unique business areas employ more than 1600 people in 31 different locations in 20 states – all of whom are dedicated to providing leading-edge solutions to SNC’s dynamic customer base.

Over its 45 year history, SNC has remained focused on providing its customers the very best in diversified technologies to meet their needs and has a strong and proven track record of success. SNC has grown into one of the Top Woman-Owned Federal Contractors in the United States while maintaining its reputation for innovation and agility. The company continues to focus its growth on the commercial sector through internal advancements and outside acquisitions, including the emerging markets of telemedicine, nanotechnology, energy and net-centric operations.
