

FOR IMMEDIATE RELEASE

SNC Awarded \$248 Million Competitive Contract for Counter-IED Jammers

Sparks, Nevada – June 5, 2009 – Sierra Nevada Corporation's President, Eren Ozmen, announced that SNC is being awarded a \$36,479,655 contract for production of Joint Counter Radio-Controlled Improvised Explosive Device Electronic Warfare (JCREW) 3.1 dismantled systems to meet urgent requirements of the Department of Defense in support of Operation Iraqi Freedom and Operation Enduring Freedom.

The dismantled JCREW systems are critical to protecting U.S. personnel from the threat posed by improvised explosive devices. Dismantled JCREW systems are electronic jammers designed to prevent the initiation of radio-controlled improvised explosive devices (RCIED).

This contract is for the urgent procurement and support of JCREW systems, to be used by forces in each of the military services of the Central Command area of responsibility. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$248,312,153. Click on the link below for more information on the IED Jammer Contract.
