

Attention Valued SNC Supplier,

Sierra Nevada Corporation (SNC) continues to closely monitor the COVID-19 situation and is taking appropriate measures to ensure the safety of our employees and the communities around our facilities. Our Leadership and Crisis Management Teams team hold daily meetings to assess developments to ensure we understand and address any impact to our operations and are taking appropriate measures to ensure business continuity.

As an extension of those efforts, we are assessing the impact to our partners in our supply chain. In support of this necessary and critical endeavor, SNC is requesting your input relative to your operations.

Please respond to the attached assessment by COB Friday March 20, 2020;

- **Is your Company currently impacted by the coronavirus? If so, describe the impact.**
 - **If a facility is closed, is it preemptive or were there cases at the facility? Is the closure for the purpose of disinfecting, social distancing, or response to government requirement?**
- **Has your company imposed travel limitations (certain countries/locations and conferences)?**
- **Have health guidelines been provided to employees?**
- **What actions been taken action to mitigate risk within your supply chain?**
- **Do you expect any impact to schedule on SNC's open orders with your company, as a result of the pandemic? Please explain.**

Please Note that, as the recipient of this email, you have been identified as the primary POC on behalf of your company. If you are not the right person to do this, please contact us immediately so that we can update our information.

We are aware that you may have been contacted by staff within our Supply Chain team on a particular order. This assessment is meant to provide our entire organization the means to review your status in an effort to reduce multiple points of contact within our Supply Chain.

As time is of the essence in regards to this situation, your input is requested by 20 March 2020 COB.

SNC values our partnership and looks forward to working with you in ensuring the health and well-being of our employees while ensuring operational and mission success.
