

**CERTIFICATE OF LIMITED/RESTRICTED RIGHTS  
IN TECHNICAL DATA AND COMPUTER SOFTWARE**

By submission of the Proposal in response to the RFQ/RFP referenced below, the Bidder/Offeror asserts for itself, or the persons identified, that the below listed technical data or computer software **will be furnished or delivered with restrictions** on the Government’s right to use, release, or disclose said technical data or computer software. All other technical data or computer software not identified herein and required to be delivered under the proposed subcontract which may be issued as a result of SNC’s RFP/RFQ identified below will be considered to be delivered subject to unlimited rights. Restricted, limited, and unlimited rights are defined in the Federal Acquisition Regulation at section FAR 27.401 and in the DFARS at section 227.71 and 227.72.

An offeror’s failure to complete, sign or submit the notification and identification required below may render the offer ineligible for award. If the Offeror is awarded a subcontract, the assertions identified below and mutually agreed between the parties shall be listed in that subcontract. Upon request by SNC, the Offeror shall provide sufficient information to enable SNC to evaluate any listed assertion.

<b>Technical Data or Computer Software to be Furnished With Restrictions</b>			
Technical Data and/or Software Description/Identification *	Basis for Assertion **	Asserted Rights Category ***	Name of Person Asserting Restrictions ****

\* For technical data (other than computer software documentation) pertaining to items, components, or processes developed at private expense, identify both the deliverable technical data and each such items, component, or process. For computer software or computer software documentation identify the software or documentation. **Enter “none” when all data or software will be submitted without restrictions.**

\*\* Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions. For technical data, other than computer software documentation, development refers to development of the item,

component, or process to which the data pertain. The Government's rights in computer software documentation generally may not be restricted. For computer software, development refers to the software. Indicate whether development was accomplished exclusively or partially at private expense. If development was not accomplished at private expense, or for computer software documentation, enter the specific basis for asserting restrictions.

\*\*\* Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR data generated under another contract, limited, restricted, or government purpose rights under this or a prior contract, or specially negotiated licenses).

\*\*\*\* Corporation, individual, or other person, as appropriate.
